

PLUS POWER SOLAR & LIGHTING

Engineering Solutions

Company Profile

About Us

Plus Power Solar Energy & Engineering Solution is dedicated to providing innovative, sustainable energy solutions and expert engineering services. With a customer-focused approach, we offer tailored solutions to meet the diverse needs of our clients. Our core services include:

- Electric Solar Systems
- Home Automation
- Engineering Consultancy
- Security Electrical Fencing
- Industrial and Home Electrical Wiring
- DG PV System Installation
- Earthing for Electrical Systems
- Panel Washing Services
- Electrical Panel Making
- Spare Parts Sales
- Warranty & Technical Support
- Solar Street Lights & Garden Lights
- 24/7 Emergency Service Support

Mission

At Plus Powers Solar Energy & Engineering Solution, our mission is to deliver high-quality, customized energy and engineering services. We are committed to driving the adoption of renewable energy, ensuring safety and efficiency in electrical systems, and providing expert consultancy to create lasting value for our clients, all while fostering environmental sustainability and technological advancement.

Vision

To be a leading provider of sustainable energy and engineering solutions, empowering industries and households with innovative technologies that contribute to a cleaner, greener, and more energy-efficient future.

- **INDUSTRIAL SOLUTIONS**

At Plus Power Solar Energy & Engineering Solution, we offer tailored industrial solutions including large-scale wiring, security fencing, DG PV systems, and panel making using efficiency and reliability for all industrial needs.

- **RESIDENTIAL SOLUTIONS**

We offer comprehensive residential solutions, including solar energy systems, home automation, and efficient electrical wiring. Our services are designed to enhance home comfort, energy efficiency, and safety, providing modern, sustainable solutions for everyday living.

- **MEP WORKS SOLUTIONS**

Electrical Systems (Wiring, Panels, Lighting)
Plumbing Systems (Piping, Drainage, Fixtures).
Earthing & Lightning Protection Systems
Internal & External Wiring, LV & HV Electrical Systems
Generator & ATS Panel Installation
Cable Laying & Termination
CCTV, Access Control & Intercom Systems.
Home Automation

- **Energy Assessment**

Our Site Survey & Energy Assessment service ensures precise evaluation of your location's energy needs and sunlight potential, enabling us to design the most efficient and cost-effective solar solution for optimal performance.

- **Load Analysis**

We conduct a detailed Load Analysis & ROI Calculation to understand your energy usage patterns. Our experts evaluate system capacity, performance, and efficiency. We provide accurate return-on-investment projections. This ensures informed financial and technical decisions. Maximize your energy savings with reliable data-driven insights.

- **Technical Support**

We offer reliable warranty and support. Our team ensures smooth system operation. Quick response minimizes downtime effectively. Expert technicians handle every concern. Your solar system stays efficient always

- **Solar Lighting**

We offer solar street and garden lights.
Designed for durability and weather resistance.
Reduce electricity costs with solar power.
Brighten spaces sustainably with modern lighting.

- **Solar Illumination**

We provide advanced solar lighting solutions
Perfect for streets, parks, and gardens.
Automatically operates from dusk to dawn.
Low maintenance with long-lasting batteries
Bright, eco-friendly light for every space.

- **Power Installation**

Our experts deliver professional electrical setups.
We design and install safe wiring systems.
Every connection meets modern safety standards.
Ideal for homes, offices, and industries.
Efficient power systems built to last.

Our Core Value

To be a leading provider of sustainable energy and engineering solutions, empowering industries and households with innovative technologies that contribute to a cleaner, greener, and more energy-efficient future.

Innovation

We embrace cutting-edge technology and continuously seek creative solutions to advance energy efficiency and engineering excellence.

Sustainability

We are dedicated to promoting eco-friendly practices and developing solutions that contribute to a greener and more sustainable future.

Customer Focus

We prioritize understanding and meeting the unique needs of our clients, delivering personalized and reliable solutions that exceed expectations.

Excellence

We are committed to delivering superior quality in every project, ensuring the highest standards of performance and safety.

Our Clients

**Multiple Looms
Multiple Poultry Farms
And many more satisfied clients**
